Subject: Draft Permit Comments - Upper Saucon Sewage Treatment Authority - PA0053147

James,

According to the Memorandum of Agreement (MOA) between the U.S. Environmental Protection Agency (EPA) Region III and the Pennsylvania Department of Environmental Protection (DEP), the EPA has reviewed the draft National Pollutant Discharge Elimination System (NPDES) permit for:

Draft Permit: Upper Saucon Sewage Treatment Authority
Also Known As: Upper Saucon Township WWTP
NPDES ID: PA0053147
EPA Received: December 16, 2014

EPA has chosen to perform a limited review based on the whole effluent toxicity (WET) testing requirements. As a result of our limited review, we will not be providing any comment related to the WET testing requirements. If for any reason, the draft permit is modified from the version that was submitted to us on December 16, 2014, please forward a copy of the new draft permit to us for review before issuance.

If you have any questions concerning this matter, please contact us.

Respectfully,

Joel
